

Mr Woodcock Has Arrived!!!

Mr Woodcock has recently arrived in Class 13 as the new teacher to replace Mrs Jenkins (as she is about to have a baby). Everybody in class 13 is thrilled to have him as their teacher for the rest of the year. Everybody thinks he will get us through our dreaded **SATs as well**. The last school that he taught at was New Whittington in Chesterfield (for 5 years). Also he was in charge of computers. Plus, he lives in Sheffield.

Mr Woodcock has experienced some very stunning things. Like when he went to Ethiopia and Uganda (He went to Ethiopia to teach about computers in a college). At Uganda, he went for a relaxing holiday. But while he was there, he visited a friend who works in a hospice for cancer.

His favourite colour is purple, his favourite football team is Manchester United. His favourite pet animal is a dog and his favourite wild animal is a gorilla. His favourite subject to teach is ICT and his least favourite subject to do is French.

Mr Woodcock is settling in really well and is a credit to class 13!!!
