

## Winter Wonderland

In late 2009 and early 2010 Britain came across the worst snow they had had in years! Roads were closed and schools were shut.

Clearly Britain was in the middle of the big freeze. It caused problems for many people across Britain.

But children loved every second of it. Snow men and snow angels were suddenly everywhere. Adults were stuck in their houses.

(EXCEPT FOR PEOPLE WHO HAVE BIG CARS WHICH TRAVEL THROUGH SNOW) However beneath the snow was ICE which caused many holes to appear in the roads! ! !
