

Every Child Matters Academy Trust Accessibility Plan 2024-2027

The terms Trust and School (and levels within e.g. governors and trustees) are interchangeable and apply to all schools within the Trust

This Plan (developed by BMBC) has been issued by the Trust for completion by the school and approval by its Local Governing Body or one of its committees as appropriate. It is the responsibility of the school to ensure that identified actions are effectively implemented in ensuring compliance with the policy.

Vision Statement

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils, staff, parents or visitors because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The Plan will be reviewed every 3 years or where operational needs dictate and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Head. The Accessibility Plan will be monitored by the Headteacher and evaluated by the Finance Committee. The current Plan will be appended to this document.

We are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

Aims:

Our Aims are:

- Increase access to the curriculum for pupils with a disability, medical condition or other access needs
- To improve the physical environment of the school to increase the extent to which pupils, staff, parents and other members of the school community with a disability, medical condition or other access needs can access education and associated services.
- Improve the delivery of information to pupils, staff, parents/carers and other members of the school community

- 1) The Accessibility Plan has been developed and drawn up based upon information supplied by the Local Authority and the PFI Contractor, ENGIE, and consultations with pupils, parents, staff and governors of the school. The document will be used to advise other school planning documents and policies and will be reported upon annually in respect of progress and outcomes.

The Accessibility Plan is structured to complement and support the school’s Equality Objectives, and will similarly be published on the school website. We understand that the Local Authority’s PFI/BSF Contract Manager will monitor the school’s activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty. The Accessibility Plan will be published on the school website. The Accessibility Plan will be monitored through the Governing Body’s Finance Committee. The school will work in partnership with the Local Authority and ENGIE in developing and implementing this Accessibility Plan. The Accessibility Plan may be monitored by Ofsted during inspection processes in relation to Schedule 10 of the Equality Act 2010.

- 2) We are committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical,

sensory, social, spiritual, emotional and cultural needs. We are committed to adhering to the principles of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

- 3) Our Accessibility Plan shows how access is to be improved for disabled pupils, staff, parents and visitors to the school within a given timeframe and anticipates the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan relates to the key aspects of physical environment, curriculum and written information:

- Increase access to the curriculum for pupils with a disability, adapting the curriculum as necessary. This includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, sports events, leisure and cultural activities or schools visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe (If a school fails to do this they are in breach of their duties under the Equalities Act 2010).
 - Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
 - Where needed, adapt the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include adaptations to hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.
- 4) Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.
 - 5) This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:
 - Health & Safety Policy
 - Special Educational Needs Policy
 - Supporting Children with Medical Conditions and Administration of Medicines Policy
 - Educational Visits Policy
 - 6) The Accessibility Plan for physical accessibility relates to the Access Audit of the school, which remains the responsibility of the governing body. It may not be feasible to undertake all of the works during the life of this accessibility plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.
 - 7) Equality Impact Assessments will be undertaken as and when school policies are reviewed. The terms of reference for all governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

Current good practice

We gather information about any disability or health condition in early communications with parents and carers of children who are new to school. For parents and carers of children already at the school, we ask parents to keep the school informed of any changes to the information they have provided.

Physical Environment

The aim is to continue to enhance the environment to meet the needs of all pupils and ensure that they have access to all aspects of education. Disabled pupils participate in extra-curricular activities. Some aspects of extra-curricular activities present particular challenges, for example: lunch and break times for pupils with social/interaction impairments, after-school clubs for pupils with physical impairments, school trips for pupils with medical needs.

Curriculum

Through planning for individual need, we aim to provide as inclusive an approach as practically possible. Some areas of the curriculum present particular challenges, for example: PE for pupils with a physical impairment, however all reasonable adjustments are made to support as full an involvement as possible. The SENCo provides additional support for pupils and supports teachers in implementing strategies for improving pupils' access to learning.

The school works closely with specialist services including:

- ❖ Educational Psychology service
- ❖ Integrated Inclusion Services
- ❖ Occupational Therapists and physiotherapists
- ❖ Speech and Language Therapy

Information

Different forms of communication are made available as needs are identified to enable all disabled pupils to express their views and to hear the views of others. Access to information is provided in a range of different formats available for disabled pupils, parents and staff as needed.

Access Audit

The school is a one storey building with wide corridors and access points from the outside linked to all classrooms. The FS1 department is located in a separate building which can be accessed via a ramp. FS2, KS1 and KS2 areas are all on the ground floor with wide door access to all rooms. The two halls are on the ground floor and is accessible to all. Fire doors on the corridors are fitted with Door Guards which means that they close automatically once the fire alarm is set off.

On-site car parking for staff and visitor includes three dedicated disabled parking bay. All entrances to the school are either flat or ramped and all have wide doors fitted.

There are disabled toilet facilities available, situated on the Year 4 corridor, this is fitted with a handrail. Toilets in the majority of classrooms are fitted with handrails and soap dispensers and hand dryers have been fitted at a lower for wheelchair uses. A changing area containing a raised bed is situated in FS2.

The school has internal emergency signage and escape routes are clearly marked. PEEPS are written and in place for children and adults with Special Educational Needs and Disabilities.

Management, coordination and implementation and review

- We consult with other professionals and services when new situations regarding pupils with disabilities are experienced.
- The Governors and Senior Leadership Team work closely with the Local Authority.
- We work closely with parents to consider their children's needs.

Complaints

The school works, wherever possible, in partnership with parents to ensure a collaborative approach to meeting pupils' needs. If there are any complaints relating to the provision for pupils with access needs these will be dealt with in the first instance by the Headteacher. The SEND governor or chair of governors may be involved if the complaint is not resolved satisfactorily.

Approved by the Resources Committee on _____ 21st March 2024 _____

Action Plan

Aim 1 - To increase the extent to which disabled pupils can participate in the school curriculum.

Our key objective is to reduce and eliminate barriers to access to the curriculum and to ensure full participation in the school community for pupils, and prospective pupils with a disability, medical condition or other access needs. Provision may include: Liaison with specialists, CPD for staff, a differentiated curriculum, specialist resources to support learning and access to the curriculum, a range of support staff including trained teaching assistants and access arrangements in place for statutory testing.

Targets	Strategies	Timescale	Responsibilities	Success Criteria
To liaise with Nursery providers to prepare for the new intake of children into Foundation each year	To identify pupils who may need adapted or additional provision	End of July (on a yearly basis)	EYFS Leader and teachers SENCo	Procedures/equipment/ ideas set in place by September (yearly)
To liaise with educational establishments to prepare for the intake of new children who transfer within year	To identify pupils who may need adapted or additional provision	Ongoing as need arises	HT SENCo	Provision set in place ready for when the child/ren start school
To review statutory policies to ensure that they reflect inclusive practice and procedure	To comply with the Equality Act 2010	Ongoing	SLT & Governors	All policies clearly reflect inclusive practice and procedure
To establish and maintain close liaison with parents/carers	To ensure collaboration and information sharing between school and families.	Ongoing	SLT and all teaching staff	Clear collaborative working approaches through regular meetings, risk assessment reviews, provision reviews and action planning
To establish and maintain close liaison with outside agencies for pupils with additional need e.g., Children with severe asthma, epilepsy or mobility issues.	To ensure collaboration between all key personnel.	Ongoing	SLT SENCo, All teaching staff and outside professionals	Clear collaborative working approaches through regular meetings, risk assessment reviews, provision reviews and action planning

To include pupils with a disability, medical condition or other access needs as fully as possible in the wider curriculum including trips and residential visits as well as extra- curricular provision	Create personalised risk assessments and access plans for individual children. Liaise with external agencies, identifying training needs and implementing training where needed. Ensure that actions, including emergency evacuation procedures, are clear and that staff are capable of carrying them out.	Ongoing	SLT SENCo All teaching staff Extra- curricular service providers and educational visits settings	Evidence that appropriate considerations and reasonable adjustments have been made
---	---	---------	---	--

Aim 2: To improve the physical environment of the school to increase the extent to which pupils with a disability, medical condition or other access needs can access education and associated services.

Targets	Strategies	Timescale	Responsibilities	Success Criteria
Improve the physical school environment	The school will take account the needs of pupils, staff and parents/carers with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting and colour schemes, clear signage and more accessible facilities and fittings.	Ongoing	Business Director Site Manager SLT Other staff as appropriate	Evidence that appropriate considerations have been made wherever physical school improvements are carried out.
Ensure that reasonable adjustments are made for pupils with a disability, medical condition or other access needs	Create personalised risk assessments and access plans for individual pupils. Liaise with external agencies, identifying training needs and implementing training where needed. Ensure that actions, including emergency evacuation procedures, are clear and that staff are capable of carrying them out.	Ongoing	SLT, SENCo, Teachers Site manager	As full as possible inclusion for all pupils. Safe evacuation in an emergency.

Aim 3: Improve the delivery of information to pupils, staff, parents/carers and other members of the school community

Targets	Strategies	Timescale	Responsibilities	Success Criteria
To enable improved access to written information for pupils, parents and visitors.	Create and offer information in alternative formats. Access arrangements are considered and put into place for statutory testing	Ongoing	SLT Teachers Admin team SENCo	Evidence that appropriate considerations and reasonable adjustments have been made
Ensure that reasonable adjustments are made for parents/carers with a disability, medical condition or other access need so as they can fully support their child's education	Adopt a proactive approach to identifying the access requirements of parents and make reasonable adjustments where possible	Ongoing	Whole school team	Evidence that appropriate considerations and reasonable adjustments have been made, so that parents can fully support their children in their education.
